

**Certified in compliance with European Standards EN 1176 by the German Institute TÜV - S ÜD.** Inclusive play equipment designed to promote participation and play experience also for children with disabilities. Manufactured with double shell composed of two 15 mm birch plywood panels with phenolic bonding, CNC-machined and with rounded edges. Finished with non-toxic water-dilutable wax-based paints. Complete with handles and footrests in galvanized steel tube, oven-painted at 180°C. The structure is fixed on an oven-painted steel spring, approved and complete with anti-finger entrapment device. Assembly by means of galvanized steel 8.8 bolts and self-locking nuts. Standard-compliant coloured nylon nut caps. **Available in the following versions:** Type **A**(IN-GROUND INSTALLATION), by means of hot-dip galvanized steel anchors; Type **B** (FLUSH WITH FLOOR), by means of hot-dip galvanized steel anchors to be fixed with "FISHER" type anchors or similar, NOT INCLUDED. The item is supplied in **assembly kit form**.
