

Inclusive play equipment. In accordance with the European Standard EN1176. Round tubular structure in painted electro galvanized steel, section \varnothing 89 mm, connected to n° 4 colored polyethylene high-density pantographed panels (PEHD) without sharp edges. The panels are assembled in pairs to enable the installation of the sonorous kit, completely made of stainless steel. The sound of the tubular bells is permitted by a small hammer fixed to the tubular bells through a narrow-mesh chain. Baked finishing at 180°C. Assembly system with 8.8 galvanized steel bolts and self-locking nuts. Colored nylon cap nuts as required by law.
