

Made with a support post in round steel tube Ø 60 mm and height cm 120 for ground installation. Equipped with an upper roof consisting of a domed disc in stamped sheet metal. All components are oven-painted at 180°C. The bin has a cylindrical shape in steel sheet, covered with strips of Nordic pine impregnated and painted with a colored high-penetration, non-toxic, water-dilutable stain. The release of the bin is carried out using an Allen key supplied with the product. **Available in the following versions:**

- Type **A** (TO PLOUGH IN) with hot-dip galvanized steel anchors;
- Type **B** (TO FIX ON THE FLOOR), with hot-dip galvanized steel brackets for fixing using "FISHER" type anchors or similar, **NOT SUPPLIED.**

Supplied in an **assembly-kit.**
