

**Certified according to European Standard EN 1176 by the German Institute TÜV - SÜD.**

Made of galvanized and powder-coated steel with pantographed HDPE panels with rounded edges.

Composed of n. 1 tower with circular-section steel posts Ø 89 mm, platform with galvanized tubular steel frame and 30/10 chequered aluminum flooring, decorative polyethylene roof with steel connectors, and protective HDPE panels, size cm 100x100x355h, and n. 1 tower with Ø 89 mm steel posts, platform in galvanized steel and chequered aluminum, protective HDPE panels and polyethylene bench, size cm 100x100x248h.

Includes n. 1 curved ladder in Ø 50 mm round steel tube, n. 1 horizontal bridge with Ø 50 mm tubular steel handrail, side rails in reinforced rope and walking surface made of HDPE panels on galvanized steel supports, n. 1 spider web in reinforced rope on a Ø 50 mm tubular steel frame with colored nylon rope stops, and n. 1 slide h. 150 cm made of high-density rotational molded polyethylene with pantographed HDPE side panels.

Equipped with n. 2 manipulative play panels: Time Game and Maze Game, both in HDPE.

**The play panels are sensory, accessible, and usable also by children with disabilities.**

Assembly with 8.8 galvanized steel bolts and self-locking nuts.

Compliant nylon safety bolt covers. Polyethylene post caps.

Powder coating at 180°C with UV- and weather-resistant polyester powder.

Anchoring to the ground with hot-dip galvanized steel brackets.
